Elmwood is a development of apartments and bungalows within spacious and well-maintained grounds.

The development is situated within the picturesque village of Worsley with its historic black and white timbered buildings. In addition to the communal lounge, there is a beautiful garden lounge overlooking the gardens and leading out onto a patio area. Elmwood has fibre optic broadband to each apartment available, allowing the fastest possible broadband should our residents require it. A step away from Elmwood, and to the front of the building, is the Bridgewater canal, constructed in the 18th century and still used for pleasure by narrow boats. There are interesting walks along the tow-path and in nearby Worsley woods, a local nature reserve and site of biological importance.
